

Kingdom of Dreams

♥ Which is your dream? ♥

Let's jump into the discovery of our talents, exploring new sounds, touching new material, listening to new words, getting to know new girls and boys like you who want to discover her own dream! In "Kingdom of Dreams" we're going to discover more about ourselves, learn how make our abilities become great tools for our projects. Either you like painting, building, making experiments, getting lost in the nature, playing with numbers, playing an instrument and dancing, doing yoga, drawing, acting.. Certainly you will find your way to have LOADS of fun!

Our day will start with half-an-hour of stretching, different every day, to wake up our bodies and prepare it for the day! We'll have breakfast and prepare for the Circle of Love, where we will sing, say how feel today and, who knows, read a story altogether.

Then, it will come the time for the chosen workshop, snack time, workshop and lunch. In the afternoon we'll propose games that encourage the team work, **the self-confidence and trust in the others**. Then, there will be time to have a little shower..(just a little one, because we're going to get dirty again soon) and get ready for dinner. After dinner, lots of surprises are awaiting us.. night of stars, talent shows, dances, sounds and night tales.. and then going to sleep in our big camping tent. We need to rest, Tomorrow will be another amazing day!

Each one of us will always be **free** to decide how to participate at the activities: to be part of them or simply being an observer. Always, we will respect the freedom and the timing that each one of us needs.

Oh, we were about to forget. "Kingdom of Dreams" will be completely in **English**, as the language that will unite all of us in this multi-cultural open-minded experience that will make us become Citizens of the World
